A HEALTHY WORKPLACE

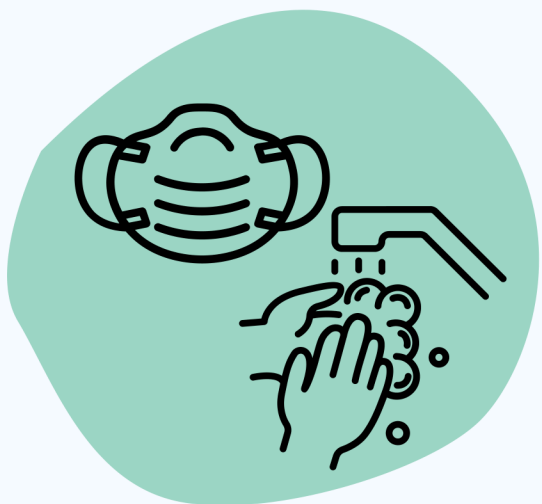

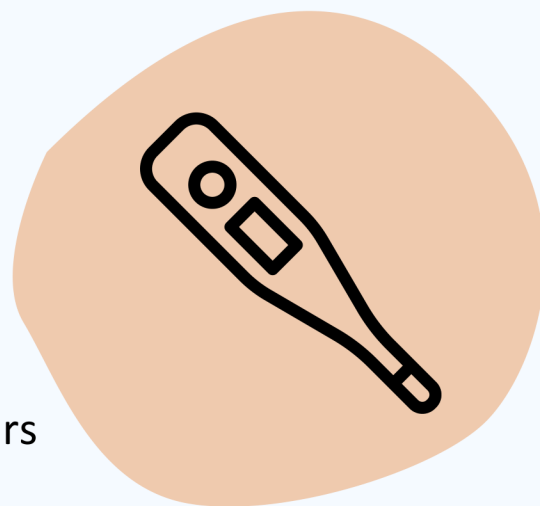

Do not report to work if you are experiencing symptoms of illness or have a fever.

- Complete the call-in procedure
- The online health screener is no longer required

You may return to work when:

- You have improved symptoms for 24 hours and
- Are fever-free without medication for 24 hours

Take precautions for 5 days after return.

- Wear a mask and socially distance
- Increase hand hygiene
- Monitor for fever
